Below is a list of the products I offer, they are all made by companies based in the UK who, I feel, are the best at what they do. These products are finished to the highest standard and are guaranteed to look beautiful in you and your loved ones homes'. If you would like any direction on which of your images to display together or advice on frame colours, or product sizes please do not hesitate to contact me. If you'd like something that isn't listed on my product list I'll do my best to source the item for you.

If you just can't decide which products to have why not choose a Portrait Memory Box, there are three options and they include my most popular products at a discounted price.

Fine Art Prints in Custom Made Frames

I have a confession to make, I am slightly addicted to buying frames from my framing company! The quality they provide is astounding, and really make my family portraits leap off of the walls, so much so that people tend to look at them instead of the plethora of plastic toys littered beneath their feet, which is always a good thing.

I have chosen a range of frames that suit every interior, they are unfussy in nature which will compliment your family portraits perfectly, the frames come in five colours; white, black, dark brown, oak and brushed silver.

The sizes listed below are the internal dimensions of the frames.

Mini	10x10" or 12x10"	£70
Small	20x16" or 16x16"	£140
Medium	24x20" or 20x20"	£180
Large	30x24" or 24x24"	£275
Extra Large	40x30"	£375

The Storyboard Frame

Undoubtedly the favourite product on my list, this is a multi-aperture frame measuring 27x27". The frame contains nine 5x5" images from your gallery, a perfect focal point for any room in your home.

£295

Multi-Aperture Frame

This frame is similar to the storyboard but with two 5x7" and two 7x5" prints, it's slightly smaller as well with the internal frame measuring 24x24". If you can't decide on your favourite image for one print, this makes life a little easier, you only have to whittle it down to four.

How would you like a beautiful hand-finished album to be able to sit down and look through with your family, place on a coffee table for visitors to look at, and pass on to the generations that follow you.
